

TAI MOHAMMAD JUBER A

MERN Stack Developer | Full Stack Web Developer

Viramgam, Ahmedabad, Gujarat | +91 9313861974 | taijuber808@gmail.com
LinkedIn: linkedin.com/in/tai-mohammad-juber | GitHub: github.com/taijuber808

PROFESSIONAL SUMMARY

Motivated MERN Stack Developer with hands-on experience in building responsive web applications using MongoDB, Express.js, React.js, and Node.js. Skilled in developing REST APIs, CRUD operations, database integration, frontend development, and API integration. Familiar with Git/GitHub, Postman, responsive web design, and modern JavaScript. Seeking an entry-level MERN Stack Developer / Full Stack Developer opportunity at Red & White Multimedia to apply technical skills, build scalable web solutions, and contribute effectively to real-world projects.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6), React.js, Bootstrap, Tailwind CSS, Responsive Web Design

Backend: Node.js, Express.js, REST APIs, CRUD Operations

Database: MongoDB, Mongoose

Tools & Technologies: Git, GitHub, Postman, VS Code, Vite, npm

Other: API Integration, JSON, Basic MVC Architecture

PROJECTS

ShopSphere — MERN Stack E-Commerce Application

React.js | Node.js | Express.js | MongoDB | Mongoose

- Developed a full-stack e-commerce application with a responsive React.js frontend and structured product interface.
- Built backend REST APIs using Node.js and Express.js for products, categories, and application data.
- Integrated MongoDB with Mongoose for database management and data persistence.
- Implemented product listing, product details, search, filtering, sorting, pagination, cart, and wishlist functionality.
- Developed category management and CRUD-based backend operations, with Git/GitHub for source-code management.

Student Management System

React.js | Node.js | Express.js | MongoDB

- Developed a student management application for creating, displaying, updating, and managing student records.
- Implemented CRUD functionality and frontend-backend API integration for managing application data.
- Used React.js for the user interface and backend technologies for handling application data.
- Designed a responsive interface for efficient student record management.

Personal Portfolio Website

HTML5 | CSS3 | Bootstrap | JavaScript

- Designed and developed a responsive personal portfolio website to present technical skills and projects.
- Created a clean and user-friendly interface for showcasing profile and development work.

EDUCATION

Bachelor of Commerce (B.Com) — DCM Arts and Commerce College

CERTIFICATION & COMPETITIONS

WebHacks Competition — TECHWAR 2026 | Red & White Skill Education

Successfully participated in the WEBHACKS web development competition organized by Red & White Skill Education (Certificate ID: RW-TW260499 | Date: Jan 2026).

Full Stack Web Development Training — Red & White Multimedia Education (Currently Pursuing)

Technologies: HTML, CSS, JavaScript, React.js, Node.js, Express.js, MongoDB, Bootstrap, Tailwind CSS, Git & GitHub

SOFT SKILLS

Problem Solving | Team Collaboration | Continuous Learning | Adaptability
